Professional Experience

Realtor.com (News Corp) · Westlake Village, CA · 2007 – Present
The nation's leading real estate listing and marketing site.

CHIEF INFORMATION SECURITY OFFICER (2017 – PRESENT)

DIRECTOR OF INFORMATION SECURITY (2015 – 2017)

MANAGER OF INFORMATION SECURITY (2012 – 2015)

PRINCIPAL SECURITY ENGINEER, SECURITY ARCHITECT (2007 – 2012)

Key advisor for data security. Conceptualize, design, and implement modern security programs enterprise wide. Champion strategic security planning. Structure programs focused on security engineering, product security, intelligence, response, risk management, and governance. Prevent and address cloud computing vulnerabilities by designing operating models with deep security roots. Lead security engineering to integrate security features into product builds. Leverage expertise to influence initiatives and steer transformational change. Build high-performing teams by recruiting, hiring, training, and developing talented individuals, and creating a culture that fosters creative expression and innovation. Conduct cross-functional collaboration and fact-finding sessions with management colleagues, vendors, clients, and staff.

Key Accomplishments:

- Founding member of Realtor.com Information Security Team.
- Spearheaded the creation and implementation of a ten member InfoSec Team that only had one person leave in 8 years.
- Directed project teams developing an AWS security architecture that enabled engineering teams to achieve velocity requirements without sacrificing security.
- Led the development of a security tooling ecosystem to process thousands of vulnerabilities and automate remediation, with only a 15% false positive rate.
